

South University: Wi-Fi Instructions

Laptop Instructions

In the list of available networks select “SU_Student”. If this is your first time connecting, you will have to enter in your **student user name** and **student portal password**.

If you cannot connect and it does not ask for a user name and password, Right click the SU_Student network listed and select “Forget.” Click connect to SU_Student and enter your **student portal name** and password.

If you are still having trouble connecting to SU_Student, contact the IT Team at SUIThelp@southuniversity.edu

Chrome Books/Cell Phones & Tablets

When connecting with a cell phone or tablet use the following settings:

- EAP method: **PEAP**
- Phase 2 Authentication: **None**
- CA certificate: **Don't validate**
- Enter **student portal name & Password**
